

# BB MELTBLOWN SEDIMENT CARTRIDGE

- Removes mechanical impurities larger than 5 microns.

## TECHNICAL SPECIFICATION

PARAMETER	VALUE
Dimensions	510 mm
Outer x Inner diameter	110 x 28 mm
Material	100% Polypropylene
Filter accuracy	5 $\mu$
Maximum working pressure	6 bar
Maximum working temperature	38 °C
Capacity	60 m <sup>3</sup> **
Lifetime	6 months
Maximum flow	2 m <sup>3</sup> /h*
Certificates	TUV Certificate Hygienic certificate BPA free

\* - housing with connection 1"  
- pressure of the feed water 4 Bar

\*\* - depending of water quality
